Annual Per Capital Disposal

Employees

Total Number of Employees: 1203

Explain who was included in this number and how was this employee number calculated.

The number includes all employees and contract employees that are working within the District. The number was calculated by using org charts, emails from supervisors and seating charts.

Non-Employee Population

Total number of non-employee population: 1537082

Population Type: Visitors

How was this population number determined?

Most visitors in this District are the traveling public which visit our rest areas. We also have additional visitors consisting of contractors, vendors, guests from different districts, departments, agencies and also student assistants and volunteers.

Disposal

Total amount disposed: 559.22 tons

Total transformation: 0.00

How was this disposal number determined?

The amount of waste taken to landfills is noted on the "CEM-4401" which Caltrans requires to be sent to the recycling coordinator for accounting.

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	140.50	2.55	0.00	0.00
Per Capita Transformation Rate:	28.10	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	2.55

Page 14 of 39

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Hazardous materials that contain lead and/or mixed debris which may contain oil or other contaminants from road construction.

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

Our biggest obstacle is items that contain hazardous material that contain contaminants which we must dispose of properly.

Programs

Recycling

Beverage containers

Glass

Plastics (#3-7)

Cardboard

Newspaper

Office paper (white)

Office paper (mixed)

Confidential shredded paper

Copier/toner cartridges

Scrap metal

Wood waste

Tires

Construction materials/debris

Within our District all hazardous waste such as fluorescent bulbs are collected by DGS custodial staff. The bulbs are marked with the date they were collected and taken to a centralized location. Batteries are collected in specifically marked bins and once the bin is full they are transported to a centralized locations. Both the bulbs and batteries are disposed of within a year of collection using an authorized vendor. Electronic items such as keyboard, computers, phones, cell phones, wires are collected, surveyed out and disposed of using an authorized vendor.

Material Exchange

Nonprofit/school donations

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

Page 15 of 39

Internal property reutilizations

Employee supplies exchange

Here at the district, we reach out to local schools to donate older or unused computers and screens to avoid unnecessary disposal and waste. When at all possible the district attempts to redistribute both internal property and supplies in an attempt to avoid waste.

Waste Prevention/Re-use

Paper forms reduction - online forms

Bulletin boards

Remanufactured toner cartridges

Retreaded/Recapped tires

Washable/Reusable cups, service ware, towels

Reusable boxes

Reusable pallets

Electronic document storage

Intranet

Reuse of office furniture, equipment & supplies

Reuse of packing materials

Double-sided copies

Email vs. paper memos

Food Donation

Rags made from waste cloth or reusable rags

Used vehicle parts

Used Tires

We continue our programs including passing along memos and bulletins via email as often as possible. Utilization of automatic paper towel and soap dispensers allow us to reduce the consumption of these items. Our mechanic shop takes used tires to have them retread for specific vehicles. They also have a service which cleans dirty soap towels for re-use. When new parts are not available we use old parts on most of our older vehicles. We have annual food drives for those less fortunate. We also have bulletin boards at all facilities to centralize information for employees.

Green Procurement

Recycled Content Product (RCP) procurement policy

Whenever possible, our District strives to purchase recycled materials and items. Paper products are one of our biggest attributes. We also re-use products and surplus materials to avoid unnecessary procurement.

Training and Education
